Key Learnings

- To articulate emotions with precision
- How to deconstruct emotions into their three essential elements
- To notice and employ various dimensions of emotions such as time orientation, direction of reference, and emotions about emotions.
- To listen for the emotions underlying your client's breakdown or challenge.
- How to employ the Emotions-Centered Coaching™ model as a framework:
- To fluidly weave emotional distinctions into your coaching
- To navigate your own emotions in the service of your coaching and life

About the Program

In the realm of coaching, unlocking individuals' potential hinges on the profound influence of emotions. Studies show that a significant portion of individuals grapple with emotional literacy, often struggling to articulate their feelings. This presents a unique opportunity to elevate your coaching acumen. Participants of this program will develop a practical & powerful understanding of emotions that is logical & can be integrated into any coaching model. Moreover, it equips you with the expertise to work with parents, children, leaders, or anyone on a transformative journey toward enhanced emotional competence.

The Emotions Centred Coaching Model

Praise for the book: The Unopened Gift:

This book takes to the next level what Daniel Goleman started with EQ. The thirst for working with emotions is increasing everywhere we look. A must-read for leaders, coaches, and anybody who wants to tap into emotions as fuel for action. Dan's passion of bringing ontological work into the world with his loving care for people and organisations is outstanding. I am grate-ful to have met him as a teacher, friend, and business partner.
