

LEADERSHIP CIRCLE PROFILE™

LEADERSHIP CIRCLE®

THE LEADERSHIP ASSESSMENT THAT ILLUMINATES LEADER EFFECTIVENESS

CONNECTING PATTERNS OF ACTION WITH HABITS OF THOUGHT

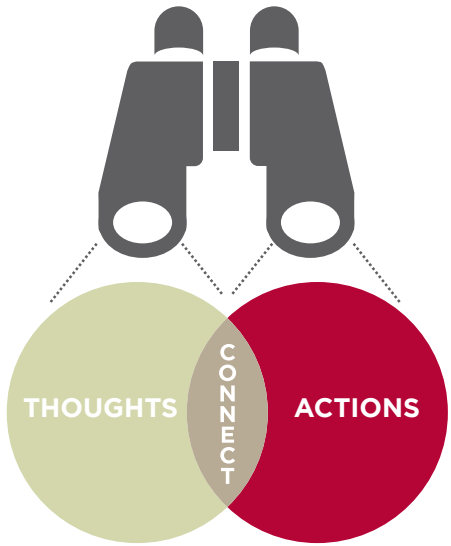

The Leadership Circle Profile™ (LCP) is a true breakthrough among 360 degree profiles. It is the first to connect a well-researched battery of competencies with the underlying and motivating habits of thought. It reveals the relationship between patterns of action and internal assumptions that drive behavior. Ultimately, LCP goes to the source of behavior to get greater leverage on change. Furthermore, unlike most profiles that take hours to interpret, LCP integrates all this information in a way that brings the key issues to the surface instantly.

The data in the LCP reveals itself in seconds. At a glance, the whole gestalt is accessible — putting leaders in touch with what is working, what is not, and why! In most organizations, this treasure trove of information remains buried. The LCP makes it easily accessible while it creates a foundation on which ground breaking change can occur at a higher level and sustainable pace.

HIGHLIGHTING YOUR LEADER'S OPPORTUNITIES FOR DEVELOPMENT

The LCP is the only instrument that measures the two primary leadership domains - *Creative Competencies* and *Reactive Tendencies* — and integrates this information so that key opportunities for development immediately rise to the surface.

New Awareness, Perception, Recognition & Focus

CREATIVE COMPETENCIES
are well-researched competencies measuring how you achieve results, bring out the best in others, lead with vision, enhance your own development, act with integrity and courage, and improve organizational systems.

REACTIVE TENDENCIES
are leadership styles emphasizing caut ion over creating results, self-protection over productive engagement, and aggression over building alignment. These self-limiting styles over-emphasize the focus on gaining the approval of others, protecting yourself, and getting results through high control tactics.
